EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Weisberg on 9/13/2006.

The application has been amended as follows:

At the end of claim 1, --, wherein said oxygenate is selected the group consisting of methanol, dimethyl ether, and the mixture thereof, said reactor catalyst bed comprises a fluidized bed reaction zone which includes a top portion, a bottom portion, and an intermediate portion extending between the top portion and the bottom portion, wherein said oxygenate is introduced at a first location at or near the bottom portion of the fluidized bed reaction zone, and at a second location in the intermediate portion of the fluidized bed reaction zone-- has been inserted.

Claims 2 and 18-20 have been canceled.

Dependency of claims 3, 4, and 12 have been changed to --1--.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or render obvious a process as called for in claim 1, in which methanol and/or dimethyl ether is converted to olefin by using a fluid bed into which the oxygenate is introduced at plural stages along a flow axis of the reactor bed. The closest art - Van Dijk (WO 99/15482) - discloses a process of conversion of methoxy compound by using a series of fixed beds (the

abstract; page 4, lines 7-31). Further, as shown in examples, applicant can show that the selectivity of ethylene is increased by increasing the number of feed injections.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
